HART VILLAGE

est.1847

Hart Village is South Guelph's newest community sitting on what was once the old Hart Farm homestead.

The first generation of Hart family founded the farm in 1847 with four more generations to come in a span of over 100 years. Today, as the new community takes form, the existing home will be restored and incorporated into Hart Village as an amenity space exclusive to Hart residents.

This historic home will be beautifully landscaped, professionally cared for and managed. The home will be the perfect place for overnight guests, short stays and open to hosting your next family celebration.

Included in the Hart home:

- Hotel-style guest suites with wet bar and private bathrooms
- Party room with wet-bar and double patio doors leading outside to the courtyard
- Main level kitchen, library and living room with central gas fireplace
