

WHOLE HOME RENOVATION

We hired Amsted for a complete renovation of our home, and we couldn't be more thrilled with the final results! From start to finish, the team exceeded our expectations in every way.

The process began with a thorough consultation where they took the time to understand our vision and offered valuable suggestions. The team really listened to what we wanted and offered creative solutions throughout the project.

They were professional, respectful, and available to us when needed. They took great care to ensure that our home remained clean and safe, even when things were in the middle of a major transformation. They always kept us informed of progress during our weekly meeting and were quick to answer any questions we had.

The craftsmanship is absolutely top-notch. Every detail of the renovation is flawless. The materials they used are of excellent quality, and we truly feel like we have a brand-new home.

If you're looking for a reliable, skilled, and professional renovation team, we highly recommend Amsted. They turned our outdated house into the home of our dreams, and we are beyond happy with the results!

We would like to sincerely thank Amsted for our beautiful home renovations. We are so grateful for everyone involved in the project. We will proudly recommend Amsted to family, friends, and colleagues. With heartfelt gratitude.

Lindsay & Luis

MAIN FLOOR UPDATE

Amazing. Clear and frequent communication. On time and on-budget. We had our exterior and plumbing replaced, some framing replaced/repared, kitchen redone, and first floor adapted to be multi-generational / senior-friendly. Big shout out to Keith, Dave, Sylvie and Robin. We were well taken care of every step of the way by the whole team. Thank you to all :)

LIVING ROOM & BATHROOM RENOVATION

Thank you Amsted for making our first reno stress free and exciting. From the first intro to the Amsted team until the final touches, the staff was exceptional. Becky, Guy, Suzanne, Steve and the rest of the contractors they all listened to us. Thank you.

Our new living room is wonderful. The whole family including the dog have spent more time enjoying the room than in the past. The fireplace and accent wall/shelves are fabulous. Exactly what I had envisioned for the space. We also had our main bathroom redone. It feels like a spa with all the new features.

Thanks again Amsted. Although expensive, the service is superior. Thanks again. I highly recommend this team to take on your next reno.

Lee Jessett

KITCHEN AND LIVING ROOM

As beautiful and painless as a renovation project can be. Our entire first floor was completely modernized on time and slightly under budget - what else can we say?

The Amsted crew was very responsive to any issues during the project. The design team helped us create a plan which is both functional and beautiful to our tastes with the main focus being to improve the kitchen - they even provided advice beyond original concept with suggestions for accent walls, appliances and rugs etc. We cannot say enough about their team at all stages of the project from design to completion. The contractors they hired were all professional, on time and friendly - especially with our dog. We were always informed of any delays due to unusual circumstances.

We have no hesitation recommending them based on our experience. They managed the entire process with ease."

Jamie and Carolyn

BATHROOM RENOVATION

Working with the Amsted team to transform an empty room into a luxury bathroom has been a wonderful experience. What used to be a dusty storage space with access to a fire escape has turned into a soothing, light-filled retreat in pearly greys and creams. It is gorgeous. Paulette and Bob, as project coordinator and project manager respectively, stick-handled the project from start to finish, solving problems as they came along, while Jazmine took care of the smart design. Experienced, knowledgeable and professional, they were a pleasure to work with. We could not have done this on our own. Many thanks to them and to all the others on the Amsted team, including Dan, Landen and Kevin. We have trust and confidence in this company and would highly recommend them to anyone wishing to make improvements to their home.
