OHBA CONGRATULATES 2025 AWARDS OF DISTINCTION WINNERS

Celebrating Excellence within Ontario's Home Building Industry

Collingwood, Ontario, September 30, 2025 -- The Ontario Home Builders' Association (OHBA) is pleased to announce the winners of the 2025 OHBA Awards of Distinction (AoD). This annual awards program recognizes the creativity, innovation and excellence of builders, renovators, developers and service professionals within Ontario's dynamic residential construction industry. Categories span seven groupings, including renovation, architectural design, room design, image and advertising, on-site sales presentation, and the coveted Prestige Awards.

The winners were revealed last night at the Awards of Distinction Gala. The evening brought together industry leaders, experts, and members to recognize the remarkable accomplishments of Ontario's residential construction industry. Thank you to our supporting sponsor, LP SmartSide, for your contributions to this evening's event.

2025 OHBA Awards of Distinction - Top Honours

Builder of the Year - Large Volume: Tridel

When market conditions shifted, Tridel pivoted to move-in-now campaigns and hard-hat tours of nearly finished buildings offered realtors and buyers firsthand insight into construction quality. Their new free seminar series targets audiences interested in downsizing, first-time buying, and investing - each session covers specific information pertaining to that audience segment. Locally, they have led the creation of Community Economic Development (CED) agreements alongside Toronto Community Housing — establishing models for community investment, workforce inclusion, and business development within revitalization areas. At the provincial level, they collaborate with RESCON and actively participate in their working committees. Through this work, they help advocate for industry-wide mental health support, inclusive hiring practices, and the adoption of emerging technologies.

Builder of the Year - Small Volume: Terra View Custom Homes Ltd.

Terra View has created comprehensive digital marketing campaigns that showcase both the vibrant community and natural beauty of their locations while educating buyers about Net Zero home benefits. They leverage their impressive local and national recognition portfolio strategically, including six consecutive GDHBA Green Builder of the Year awards and 3 ENERGY STAR Canada Small-Size Builder of the Year Awards in the past 5 years. Terra View actively supports their local - Grand Highlands Home Builders Association - through comprehensive engagement including event sponsorship, advocacy, and volunteerism. Their achievements elevate the entire industry's profile as one of the Top 5 builders across Canada participating in the CHBA Net Zero Home Labelling Program.
